SEC. 7-1-2 RABIES VACCINATION REQUIRED FOR LICENSE.

- (a) **Rabies Vaccination.** The owner of a dog or cat shall have the dog or cat vaccinated against rabies by a veterinarian within thirty (30) days after the dog or cat reaches four (4) months of age and revaccinated within one (1) year after the initial vaccination. The owner of a dog or cat shall have the dog or cat revaccinated against rabies by a veterinarian before the date of that immunization expires as stated on the certificate of vaccination or, if no date is specified, within two (2) years after the previous vaccination. The certificate of vaccination shall meet the requirements of Section 95.21(2), Wis. Stats.

SEC. 7-1-3 ISSUANCE OF DOG AND CAT LICENSES.

(a) Dog and Cat Licenses.

- (1) It shall be unlawful for any person in the City of Cedarburg to own, harbor or keep any dog or cat more than five (5) months of age without complying with the provisions of Section 174.05 through Section 174.10, Wisconsin Statutes, relating to the listing, licensing and tagging of the same.
- (2) The owner of any dog or cat more than five (5) months of age on January 1 of any year, or five (5) months of age within the license year, shall annually, or on or before the date the dog or cat becomes five (5) months of age, pay a license tax and obtain a license.
- (3) The minimum license tax under this Section shall be Five Dollars (\$5.00) for spayed female or neutered male dogs or cats; and Ten Dollars (10.00) for unspayed or unneutered dogs or cats. These amounts shall be reduced by one-half (1/2) if the animal became five (5) months of age after July 1 during the license year. The license year shall commence January 1 and end December 31. (Ord. 2014-02)
- (4) Upon payment of the required license tax and upon presentation of evidence that the dog or cat is currently immunized against rabies, as required by Section 7-1-2 of this Chapter, the City Treasurer shall complete and issue to the owner a license for such dog or cat containing all information required by state law. The City Treasurer shall also deliver to the owner, at the time of issuance of the license, a tag of durable material bearing the same serial number as the license, the name of the county in which issued and the license year.
- (5) The owner shall securely attach the tag to a collar and the collar with the tag attached shall be kept on the dog or cat for which the license is issued at all times, except as provided in Section 7-1-2(e).
- (6) The fact that a dog or cat is without a tag attached to the dog or cat by means of a collar shall be presumptive evidence that the dog or cat is unlicensed. Any City police or humane officer shall seize, impound or restrain any dog or cat for which a dog or cat license is required which is found without such tag attached.
- (7) Notwithstanding the foregoing, every dog specifically trained to lead blind or deaf persons is exempt from the dog license tax, and every person owning such a dog shall receive annually a free dog license from the City Treasurer upon application therefor.

(See Sec. 7-1-6(f) combination of no more than 3 dogs or cats)

Said late fee shall be charged in addition to the required license fee.

SEC. 7-1-5 RABIES QUARANTINE.

- (a) **Dogs and Cats Confined.** If the Health Officer determines that a dog or other domestically owned animal found in the City is infected with rabies or hydrophobia, the Mayor may, upon written advice of the Health Officer that the public safety and general welfare require it, order that all dogs and cats be muzzled. If a district is quarantined for rabies, all dogs and cats within the City shall be kept securely confined, tied, leashed or muzzled. Any dog or cat not confined, tied, leashed or muzzled is declared a public nuisance and may be impounded. All officers shall cooperate in the enforcement of the quarantine. The City Treasurer shall promptly post in at least three (3) public places in the City notices of quarantine.
- (b) **Exemption of Vaccinated Dog or Cat from City Quarantine.** A dog or cat which is immunized currently against rabies, as evidenced by a valid certificate of rabies vaccination or other evidence, is exempt from the City quarantine provisions of Subsection (a) if a rabies vaccination tag or substitute tag is attached to the dog's or cat's collar.
- (c) **Quarantine or Sacrifice of an Animal Suspected of Biting a Person or Being Infected or Exposed to Rabies.**
 - (1) Quarantine or sacrifice of dog or cat. An officer shall order a dog or cat quarantined if the officer has reason to believe that the animal bit a person, is infected with rabies or has been in contact with a rabid animal. If a quarantine cannot be imposed because the dog or cat cannot be captured, the officer may kill the animal. The officer shall attempt to kill the animal in a humane manner and in a manner which avoids damage to the animal's head.
 - (2) Sacrifice of other animals. An officer may order killed or may kill an animal other than a dog or cat if the officer has reason to believe that the animal bit a person or is infected with rabies.
- (d) **Suspected Infections.** Any person who shall suspect that any dog or domestically owned animal within the City is infected with rabies or hydrophobia shall report his or her suspicion to the Police Department, describing the dog or domestically owned animal and giving the name of the owner, if known.
- (e) **Quarantine of Dog or Cat.**
 - (1) Delivery to isolation facility or quarantine. The Police Department or any owner of any dog or other domestically owned animal which has bitten any person shall immediately cause such dog or domestically owned animal to be examined, at the owner's expense, by a licensed veterinarian within the City. Thereafter, the dog or domestically owned animal shall be confined and isolated for a period of ten (10) days by a licensed veterinarian within the City of Cedarburg, at the owner's expense, to determine whether or not the dog or domestically owned animal is infected with rabies. If the owner of the animal cannot be determined, the expense of the examination and confinement will be borne by the City. The dog or other domestically owned animal will be released after the ten (10) day confinement period only after determination that it is free from rabies. Any dog or other animal found to be infected with rabies shall be surrendered to the Police Department upon demand.
 - (2) Health risk to humans. If a dog, cat or other domestic animal is ordered to be

quarantined because there is reason to believe that the animal bit a person, the custodian of an isolation facility or the owner shall keep the animal under strict isolation under the supervision of a veterinarian for at least ten (10) days after the incident occurred. In this paragraph, "supervision of a veterinarian" includes, at a minimum, examination of the animal on the first day of isolation, on the last day of isolation and on one (1) intervening day. If the observation period is not extended and if the veterinarian certifies that the animal has not exhibited any signs of rabies, the animal may be released from quarantine at the end of the observation period.

(3) Risk to animal health.

- a. If a dog or cat is ordered to be quarantined because there is reason to believe that the animal has been exposed to a rabid animal and if the dog or cat is not currently immunized against rabies, the custodian of an isolation facility or the owner shall keep the animal leashed or confined for one hundred eighty (180) days. The owner shall have the animal vaccinated against rabies between one hundred fifty-five (155) and one hundred sixty-five (165) days after the exposure to a rabid animal.
- b. If a dog or cat is ordered to be quarantined because there is reason to believe that the animal has been exposed to a rabid animal but if the dog or cat is immunized against rabies, the custodian of an isolation facility or the owner shall keep the animal leashed or confined for sixty (60) days. The owner shall have the animal revaccinated against rabies as soon as possible after exposure to a rabid animal.

(4) Sacrifice of a dog or cat exhibiting symptoms of rabies. If a veterinarian determines that a dog or cat exhibits symptoms of rabies during the original or extended observation period, the veterinarian shall notify the owner and the officer who ordered the animal quarantined and the officer or veterinarian shall kill the animal in a humane manner and in a manner which avoids damage to the animal's head. If the dog or cat is suspected to have bitten a person, the veterinarian shall notify the person or the person's physician.

- (f) **Delivery of Carcass; Preparation; Examination by Laboratory of Hygiene.** An officer who kills an animal shall deliver the carcass to a veterinarian or local health department. The veterinarian or local health department shall prepare the carcass, properly prepare and package the head of the animal in a manner to minimize deterioration, arrange for delivery by the most expeditious means feasible of the head of the animal to the State Laboratory of Hygiene and dispose of or arrange for the disposal of the remainder of the carcass in a manner which minimizes the risk or exposure to any rabies virus. The Laboratory of Hygiene shall examine the specimen and determine if the animal was infected with rabies. The State Laboratory of Hygiene shall notify the City, the veterinarian or local health department which prepared the carcass and, if the animal is suspected to have bitten a person, that person or the person's physician.
- (g) **Cooperation of Veterinarian.** Any practicing veterinarian who is requested to be involved in the rabies control program by an officer is encouraged to cooperate in a professional capacity with the City, the Laboratory of Hygiene, the local health department, the officer involved and, if the animal is suspected to have bitten a person, the person's physician.

- (h) **Responsibility for Quarantine and Laboratory Expenses.** The owner of an animal is responsible for any expenses incurred in connection with keeping the animal in an isolation facility, supervision and examination of the animal by a veterinarian, preparation of the carcass for laboratory examination and the fee for the laboratory examination. If the owner is unknown, the county is responsible for these expenses.

If within seven (7) days after such notice the owner does not claim such animal, the officer may dispose of the animal in a proper and humane manner; provided, if an animal before being impounded has bitten a person, the animal shall be retained in the Animal Shelter for ten (10) days for observation purposes.
